## STRATEGIC REPORT

---

### REVIEW OF BUSINESS

The principal activities of the company are ground works, enabling works and civil engineering services.

The business has performed well and in line with expectations and the Directors will continue to ensure that a strong cash backed balance sheet is maintained going forward.

### KEY PERFORMANCE INDICATORS

<b>Financial metrics</b>		2015	2014
Revenue	£000	37,316	28,162
Earnings before interest, tax, depreciation, amortisation and central management costs	£000	1,906	1,005
Average days turnover in amounts recoverable on contracts	Days	39	46
Work in hand as % of next year's budget	%	61	55
<b>People</b>			
Staff as at 31 May	No	164	125

The Directors consider the KPI's acceptable in the current economic climate.

### FUTURE DEVELOPMENT

The Construction Industry continues to be challenging, however the level of work in hand and the number of contracts coming up for tender leaves the business well placed for the next financial year.

### PRINCIPAL RISKS AND UNCERTAINTIES AND MATTERS OF STRATEGIC IMPORTANCE

The directors recognise that the outlook for the company is based upon a number of key assumptions, some of which are outside the company's control. The directors do not consider any of the identified risks to have the potential to materially impact the business.

The main risks are liquidity, credit and interest rate risks. The Directors review and agree policies for managing each of these risks and they are summarised below. These policies have remained unchanged from previous years.

#### LIQUIDITY

The company uses hire purchase facilities provided by major high street lenders and overdraft facilities provided by Bank of Scotland. At the year end the company had access to undrawn borrowing facilities of £1,000,000 (2014: £1,000,000). The maturity profile of banking facilities is regularly reviewed and such facilities are extended or replaced well in advance of their expiry. The company does not enter into speculative financial transactions and uses financial instruments (e.g. Trade Credit Insurance) for certain risk management purposes.

#### CREDIT RISK

The company's principal financial assets are cash, trade debtors and amounts recoverable on contracts. The company limits deposits to short term deposits with its bankers. The principal credit risk arises therefore from its debtors / amounts recoverable on contracts.

In order to manage this risk all jobs and customers are credit checked at contract stage and credit insurance arranged on the majority of debts.

### INTEREST RATE RISK

The company reduces exposure to interest rates through a mixture of fixed rate loan stock and hire purchase arrangements and variable rates for overdraft facilities.

## REPORT OF THE DIRECTORS

---

The directors present their report and the financial statements of the company for the year ended 31 May 2015.

### RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to £1,165,000 (2014: £517,000). Particulars of dividends paid are detailed in note 9 to the financial statements.

### FUTURE DEVELOPMENTS

The construction industry continues to be challenging, however the level of work in hand leaves the business well placed for the next financial year.

### DIRECTORS

The directors who served the company during the year and following the year end were as follows:

J R Ancell  
A R Brown  
R N Tredwin  
R K McCabe  
M G Best  
G A Wiltshire (resigned 31/05/15)

### DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Strategic Report and the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information of which the company's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

### AUDITOR

Baker Tilly UK Audit LLP, having expressed their willingness to continue in office, will be deemed reappointed for the next financial year in accordance with section 487(2) of the Companies Act 2006 unless the company receives notice under section 488(1) of the Companies Act 2006.

### BY ORDER OF THE BOARD

A handwritten signature in black ink, appearing to read 'R N Tredwin', with a large, sweeping flourish extending to the right.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF CHURNGOLD CONSTRUCTION LIMITED

---

We have audited the financial statements on pages 8 to 19. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's member, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's member as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditor**

As more fully explained in the Directors' Responsibilities Statement set out on page 5 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at [www.frc.org.uk/auditscopeukprivate](http://www.frc.org.uk/auditscopeukprivate).

### **Opinion on financial statements**

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 May 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

## NOTES TO THE FINANCIAL STATEMENTS

for the year ended 31 May 2015

---

### 1. PRINCIPAL ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and in accordance with applicable UK accounting standards.

The principal accounting policies of the company have remained unchanged from the previous year.

#### CASH FLOW STATEMENT

The directors have taken advantage of the exemption in Financial Reporting Standard 1 (revised 1996): Cash Flow Statements, from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated cash flow statement.

#### TURNOVER

Turnover is the total amount receivable for goods and services provided, net of VAT and trade discounts. In the case of long term contracts, turnover represents the sales value of work done in the year.

#### FIXED ASSETS

All fixed assets are initially recorded at cost.

#### DEPRECIATION

Depreciation is calculated so as to write off the cost of an asset, other than freehold land, less its estimated residual value, over the useful economic life of that asset as follows:

Plant & machinery	- over 3 to 7 years (straight line)
Motor vehicles	- over 4 to 7 years (straight line)
Leasehold improvements	- over 40 years or period of lease if shorter than 40 years
Freehold property	- over 50 years (straight line)
Freehold land is not depreciated	

#### FINANCE LEASE AGREEMENTS

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the capital element which reduces the outstanding obligation for future instalments, and the finance element, which represents a constant proportion of the outstanding obligation for future instalments and is charged to the profit and loss account over the period of the lease.

#### OPERATING LEASE AGREEMENTS

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with lessor are charged against profits on a straight line basis over the period of the lease.

#### PENSION COSTS

The company contributes to the personal pension of certain employees. Contributions are charged to the profit and loss account as incurred.

#### DEFERRED TAXATION

Deferred tax is recognised in respect of all timing differences where the transactions or events that give the company an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred by the balance sheet date. Deferred tax assets are recognised when it is more likely than not that they will be recovered. Deferred tax is measured on an undiscounted basis using rates of tax that have been enacted or substantively enacted by the balance sheet date.

## NOTES TO THE FINANCIAL STATEMENTS *(continued)*

for the year ended 31 May 2015

---

### 1. PRINCIPAL ACCOUNTING POLICIES *(continued)*

#### FINANCIAL INSTRUMENTS

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

#### LONG-TERM CONTRACTS

Turnover and related costs on each long-term contract are recorded in the profit and loss account as contract activity progresses. Turnover is calculated on the basis of the value of the work done.

Attributable profit is calculated for each contract by reference to the contract's cumulative turnover, total contract value and total profit estimated for the completed contract. Full provision is made for losses on a contract immediately when can be foreseen. In the balance sheet, the value of work completed at the year end for which no sales invoice has been raised or no certification is made or paid, is included in amounts recoverable on long-term contracts. Where the value of work done is less than the amount invoiced, the balance is included in payments on account in creditors.

#### INVESTMENTS

Investments held as fixed assets are stated at cost less provision for permanent diminution in value.

#### CONSOLIDATION

The company has taken advantage of the exemption granted under section 408 of the Companies Act 2006 not to prepare group financial statements as it is a wholly owned subsidiary undertaking of a company preparing and publishing consolidated financial statements. Accordingly, these financial statements present information about the results of the company as an individual undertaking and not its group.
